

PROFILE - 2024

ABOUT US

Established in 2014, Fast & Accurate Logistics is a company with a dedicated team. This enables us to foster strong connections with Customs, Sea & Airport Authorities, Shipping Lines, Airlines, and Freight Forwarders. This positions us to manage cargo movements seamlessly and effectively, ensuring client satisfaction. Our assistance is accessible round-the-clock, 365 days a year, to enhance your experience and meet your requirements.

OUR MAIN SERVICES ARE

- Freight forwarding
- Custom clearance
- Transportation
- Container storage yard (Terminal)
- Warehousing (Dry / Frozen / Chilled)

FREIGHT FORWARDING

Fast & Accurate serves as a comprehensive logistics solution, managing Sea, Air, and Land Freight operations while acting as an Import/Export Agent. Our specialization lies in proficiently handling both FCL & LCL (Import & Export) shipments. As a licensed Logistics & Freight Forwarding company, we bring extensive experience in International Logistics Business, encompassing Custom regulations, freight, and Integrated Logistics solutions. Our strong affiliations with Customs, Sea & Airport Authorities, Shipping Lines, Airlines, and Freight Forwarders enable us to adeptly oversee cargo movement to the satisfaction of our clients and agents. Our round-the-clock, year-round support ensures we are always available to meet your needs and provide superior service.

CONSOLE SERVICE

Fast & Accurate Logistics provides comprehensive LCL Import & Export consolidation services to and from Saudi Arabia, supported by a nationwide receiving depot. Leveraging our network of overseas agents and offices renowned for consolidating smaller-sized cargoes, we efficiently organize LCL shipments worldwide. Whether through a direct route or a convenient one-stop VIA Jebel Ali, we ensure streamlined handling. Our dedicated Inbound LCL warehouse, situated in the bonded area of Jeddah port, is specifically designated for stripping, storage, inspection, and seamless deliveries tailored to our console (LCL) clients.

CUSTOM CLEARANCE

Given our professional expertise in custom clearance, you can say goodbye to the hassle of the process. We assure timely clearance for all import and export cargoes, with regular updates provided by our dedicated customer care team. Our clearance services are accessible at nearly all major ports in Saudi Arabia, including:

- Jeddah Islamic port (JIP)
- King Abdullah port (KAP) Rabigh
- Jeddah Airport
- Dammam Seaport
- Dammam Airport
- Riyadh (Dry port)
- Riyadh Airport

TRANSPORTATION SERVICE

Our transportation division boasts a diverse fleet of meticulously maintained vehicles and equipment, meeting the stringent standards set by the Ministry of Transportation, including those equipped with 3-axle flatbeds. We excel in both **Reefer** and **Dry** transportation services. Our primary objective is to deliver transportation solutions of the utmost quality, ensuring safe and punctual deliveries. We do so at equitable and competitive rates, while upholding a secure work environment for our staff and maintaining a foundation of integrity, fairness, and transparency with our valued customers and business associates.

CONTAINER YARD (TERMINAL)

Our terminal, strategically situated in Khumra, offers the utmost convenience for container yard operations. Covering an extensive area of 30,000 square meters, it provides a comprehensive range of logistics services including Container storage for both Reefer and Dry containers, as well as Stuffing, De-stuffing, and Cross stuffing. We take pride in our fleet of brand-new stackers capable of lifting various container sizes, including 20' and 40', with a remarkable 45-ton capacity. At any given time, our facility can accommodate up to 2000 Dry containers and 200 Reefer containers, complete with plug-in capabilities.

WAREHOUSING (DRY/FROZEN/CHILLED)

We provide our customers with a modern, spacious, and secure warehousing solution tailored to their specific requirements. Our 5000 square meter warehouse is well-appointed with essential equipment including forklifts (both normal and clamp), hand jacks, and ladders. The facility accommodates storage for dry, frozen, and chilled cargoes, whether palletized or non-palletized.

Our services encompass:

- Unloading pallets from trucks/containers
- Daily, weekly, and monthly material storage and inventory control
- Loading pallets onto trucks/containers
- Case-by-case, chargeable material delivery to designated client sites

To ensure security:

- CCTV monitors incoming and outgoing traffic
- The premises are safeguarded by a 24-hour security guard, sprinkler system, and automatic fire alarm system.
